In Partnership with

Previously, we sent you a notice advising that the *Independence Health Accountable Care Organization* (ACO) participates in the Medicare Shared Savings Program, an initiative sponsored by the Centers for Medicare & Medicaid Services (CMS).

The ACO works with Medicare to provide Medicare Fee-for-Service beneficiaries with high quality care, while reducing growth in Medicare expenditures through enhanced care coordination to help you to get well & stay well. You get patient-centered care focused on your needs. You may have access to expanded benefits such as telehealth which lets your primary care doctor care for you without an in person visit, no matter where you live. If you need rehabilitation services or other skilled nursing facility care, you may be able to get this care without a hospital stay. Ask your health care provider if you qualify for these benefits.

If you have questions or want more information about the ACO, please call us at 567-420-1904.
